Variant code: 9339391

WingLine L - Set of Light Duty Fittings - Without Bottom Guide - 12 kg - Right - Anthracite

Revolutionise Your Craft with Effortless Elegance and Uncompromising Functionality

Description:

Introducing the WingLine L Set of Light Duty Fittings, a premium hardware solution designed for the discerning professional. This right-hand anthracite set, meticulously engineered without a bottom guide, is the perfect choice for creating sophisticated, space-saving folding door systems. With a robust 12 kg load capacity per door wing, it's ideal for a wide range of applications, from sleek kitchen cabinetry and bespoke wardrobes to elegant office storage solutions.

Key Features & Benefits:

- **Effortless Opening:** The WingLine L system offers a smooth and intuitive folding action, requiring minimal effort to open and close. Its advanced kinematics allow the door to glide effortlessly, providing silent and reliable operation.

- **Space-Saving Design:** Without the need for a bottom guide, this fitting set creates a clean, uninterrupted floorline, making it perfect for installations where a seamless transition is desired. The folding mechanism ensures doors don't obstruct walkways or other furniture, maximising usable space.

- **Aesthetic Appeal:** The modern anthracite finish provides a contemporary, high-end look that complements a variety of design aesthetics. This stylish colour adds a touch of sophistication to any project,

enhancing its perceived value and visual appeal.

- **Durable & Reliable:** Crafted from high-quality materials, this set is built to last. The 12 kg load capacity ensures stability and durability, even with frequent use. It's a reliable choice for professional joiners, carpenters, and fitters who demand longevity and performance from their components.
- **Professional Versatility:** This light-duty set is the go-to solution for a range of projects, including:
    - **Custom Wardrobes:** Create elegant folding doors for walk-in or built-in wardrobes, offering easy access to clothing and accessories.
    - **Kitchen Units:** Use for clever corner cupboards or innovative pantry solutions, optimizing storage and workflow.
    - **Office Furniture:** Design sleek storage units or room dividers that contribute to a modern, productive workspace.
    - **Bespoke Cabinetry:** Enhance high-end furniture with a premium, functional folding door system that stands out.

Target Audience:

- **Professional Joiners & Carpenters:** Those who build and install custom furniture and require reliable, high-quality hardware for their projects.
- **Kitchen & Bathroom Installers:** Professionals looking for innovative, space-saving solutions for cabinetry.
- **Cabinet Makers:** Artisans who craft bespoke furniture and need premium fittings to match their craftsmanship.
- **Architects & Interior Designers:** Professionals specifying top-tier hardware for commercial and residential
