

## Pear Shaped Door Knocker – Black

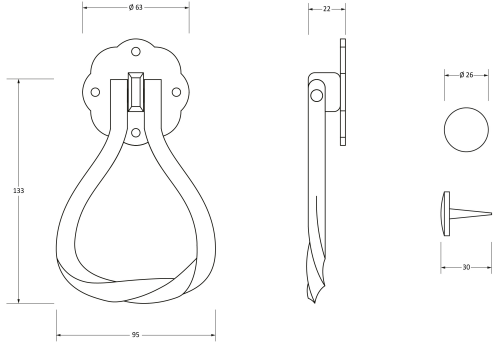

**Variant code: 33246**

Our extensive selection of door knockers suit a variety of doors from timber, composite, upvc and aluminium offering both traditional and contemporary designs. This pear door knocker shows a true masterpiece of forging. Drawn from one piece of mild steel bar and bent to form the twisted pear shape, this highlights every hammer blow by our highly skilled blacksmiths.

- Surface fixed to the front of your door.
- Supplied with matching SS wood screws.

Gallery

Technical drawing of a Pear Shaped Door Knocker. The drawing includes three views: a front view, a side view, and a detail view of the mounting plate. Dimensions are provided for each view: Front view shows a width of 63, a height of 113, and a base width of 95. The side view shows a height of 22. The detail view shows a circular mounting plate with a diameter of 26 and a base width of 30.

Please Note, due to the hand crafted nature of our products all measurements are approximate and should be used as a guide only.
