

Plaster-In Horizontal 90 Degree Corner – Aluminium

Variant code: LLP20004

Aluminium Plaster-In 90 Degree Internal Corner Guard

Product Description:

Enhance the durability and aesthetics of your interior corners with our high-quality Aluminium Plaster-In 90 Degree Internal Corner Guard. This versatile product is designed to provide robust protection against impact damage while delivering a sleek, professional finish.

Key Features:

Durable Construction: Crafted from strong, lightweight aluminium for exceptional impact resistance and long-lasting performance.

Easy Installation: Designed for seamless integration with plasterwork, ensuring a smooth and professional finish.

Versatile Application: Ideal for protecting internal corners in a wide range of residential and commercial settings, including hallways, doorways, and living spaces.

Sleek Aesthetics: The sleek, modern design of the aluminium corner guard complements any interior decor.

Cost-Effective Solution: Provides long-term protection against costly repairs, making it a cost-effective investment for your property.

Benefits:

Increased Durability: Significantly reduces the risk of damage to corners from bumps, knocks, and everyday wear and tear.

Improved Aesthetics: Creates a clean, professional look that enhances the overall appearance of your interior spaces.

Easy Maintenance: Simple to clean and maintain, ensuring long-lasting beauty and functionality.

Cost-Saving: Prevents costly plaster repairs and redecorating, saving you time and money in the long run.

Applications:

Residential: Hallways, doorways, living rooms, bedrooms, kitchens, bathrooms

Commercial: Offices, retail spaces, hotels, restaurants, hospitals

Specifications:

Material: Aluminium
