

Premium Brass Counter Flap Dovetail Hinge inc Screws – 25 x 76mm – Copper Bronze

Variant code: 0500.CBZ

The **Premium Solid Brass Counter Flap Dovetail Hinge** is a specialist architectural hinge designed for **flush wooden counters**. Measuring **25 x 76mm**, it is particularly suited to **bar and shop counter applications** where a compact dovetail-style counter flap hinge is required.

Manufactured from **brass**, the hinge features a substantial **2.6mm leaf thickness** and has a specified **5kg load capacity based on two hinges**. Its counter flap design provides a purpose-made solution for hinged sections of flush wooden counters while maintaining a neat and traditional hardware appearance.

Available in a **wide variety of architectural finishes**, the hinge can be coordinated with different counter fittings, interior hardware and decorative schemes. Options range from traditional brass and bronze appearances, including **Copper Bronze**, through to contemporary chrome and nickel finishes. **Special finishes are also available upon request**.

Product Features

- **Premium brass counter flap dovetail hinge**
- Specifically designed for **flush wooden counters**
- Suitable for **bar and shop counters**
- Overall dimensions of **25 x 76mm**
- Specified **5kg load capacity based on two hinges**
