Premium Round Solid Brass Wardrobe Rail - 12mm Diameter Ø - Polished Brass

Variant code: BRR12000PB

Premium Polished Brass Round Bar - 12mm Diameter (Priced Per Metre)

The Professional's Choice for Uncompromising Quality and Timeless Design

Product Description:

Elevate the standard of your work with our Premium Polished Brass Round Bar. This 12mm diameter solid brass rod is the ideal choice for joiners, carpenters, furniture makers, architects, and designers who demand the best in both material quality and aesthetic finish. Sourced from high-grade brass alloy (CZ121), this product offers a superior combination of machinability, strength, and durability, ensuring that your creations not only look exceptional but are built to last.

Each bar is meticulously polished to a brilliant, mirror-like shine, providing a luxurious finish that is ready for immediate use. This saves you valuable workshop time on surface preparation and allows you to focus on the craftsmanship of your project. The warm, golden hue of the brass adds a touch of classic elegance and sophistication to any design, making it the perfect material for high-end, bespoke work.

Unmatched Versatility for a Wide Range of Applications:

The 12mm diameter is a highly versatile size, offering a robust profile that is perfect for both structural and decorative applications. Use this brass bar to create stunning and durable components for:

- **Bespoke Furniture:** Craft elegant drawer pulls, cabinet handles, custom legs, or decorative inlays that will stand out.
- **Architectural Detailing:** Design luxurious handrails, balusters, and decorative spindles for staircases that exude quality.

- **Cabinetry & Joinery:** Incorporate into custom kitchen and bathroom joinery as towel rails, hanging rods, or decorative trim.
- **Shopfitting:** Create eye-catching display stands, garment rails, or feature elements for high-end retail environments.
- **Restoration & Repair:** The perfect material for replicating vintage parts and hardware, ensuring an authentic and lasting repair.

Our brass bar is easy to cut, drill, thread, and machine, making it a joy to work with and allowing for a high degree of creative freedom. Its natural resistance to corrosion and wear ensures that your finished product will maintain its pristine appearance for years to come.

Key Features & Benefits:

- **Premium Grade Solid Brass:** Manufactured from CZ121 brass alloy for excellent machinability and durability.
- **12mm Diameter:** A versatile and robust size suitable for both functional and decorative applications.
- **Polished Finish:** A flawless, mirror-like polish for a ready-to-use, high-end aesthetic.
- **Priced Per Metre:** Minimise waste and cost by purchasing the exact length you require.
- **High Corrosion Resistance:** Ensures longevity and resistance to tarnishing and rust.
- **Adds Value & Appeal:** The classic look and feel of brass instantly elevate the quality of your work.
