

Concealed Fixing Brackets to suit LLP02000AL, LLP03000AL & LLP04000AL – Pack of 2

Variant code: LLP00500

Concealed Fixing Brackets to suit LLP02000AL, LLP03000AL & LLP04000AL – Pack of 2

Securely Install Your LED Linear Lights with Concealed Fixing Brackets

This pack of 2 concealed fixing brackets is designed for effortless and discreet installation of our LLP02000AL, LLP03000AL, and LLP04000AL LED linear lights.

Key Features:

Concealed Design: Provides a clean and professional finish by minimising visible hardware.

Secure Installation: Ensures your LED lights remain firmly in place, even in demanding environments.

Compatible with Multiple Models: Suitable for use with a range of our popular linear lighting fixtures.

Easy to Install: Designed for quick and straightforward installation, saving you time and effort.

High-Quality Materials: Constructed from durable materials for long-lasting performance.

Benefits:

Enhanced Aesthetics: Create a sleek and modern look with minimal visual distractions.

Improved Safety: Securely mounted fixtures reduce the risk of accidental dislodgement.

Versatility: Compatible with a variety of applications, including commercial, residential, and hospitality.

Order your Concealed Fixing Brackets today and experience a seamless installation process for your LED linear lights.
