Rebate Kit for Din Locks - Satin Stainless Steel

Variant code: 2405.00.SSS

The **13mm Rebate Kit for DIN Locks** is designed to enable compatible DIN lock cases to be fitted to rebated timber double doors, providing a neat, secure and professional installation. Manufactured from high-quality stainless steel with a durable **Satin Stainless Steel (SSS)** finish, the rebate kit offers a seamless match with compatible DIN lock furniture and door hardware.

Specifically engineered for use with compatible **DIN lock cases**, the rebate kit bridges the rebate between paired doors, allowing the lock and strike plate to function correctly on rebated door sets. The robust stainless steel construction provides excellent strength and corrosion resistance, making it suitable for both commercial and residential applications while maintaining a consistent architectural finish.

Ideal for new installations, refurbishment projects and door hardware upgrades, the 13mm Rebate Kit provides a simple and effective solution for adapting compatible DIN locks to rebated timber door assemblies, ensuring reliable operation and a professional appearance.

Product Features

- 13mm rebate kit for compatible DIN lock cases
- Designed for rebated timber double doors
- Manufactured from stainless steel
- Satin Stainless Steel (SSS) finish
- Provides correct lock alignment on rebated door sets
- Robust and corrosion-resistant construction
- Complements compatible DIN locks and architectural hardware
- Suitable for commercial and residential applications

Product Benefits

- **Allows compatible DIN locks to be installed on 13mm rebated timber door pairs**
- **Provides accurate alignment for**
