Rim Cylinder Pull - Polished Nickel

Variant code: 90281

Our rim cylinder pulls are designed to work with a rim cylinder and night latch. This product is used on entrance doors to pull or push the door into the open/closed position.

Designed to match our other antique pewter front door furniture to create a feature entrance door.v

Held in place by the rim cylinder which compresses with the night latch to tighten & fix.

Includes a location pin on rear to stop any rotational movement.
