

## Rim Cylinder Pull – Polished Nickel

**Variant code: 90281**

Our rim cylinder pulls are designed to work with a rim cylinder and night latch. This product is used on entrance doors to pull or push the door into the open/closed position.

Designed to match our other antique pewter front door furniture to create a feature entrance door.

Held in place by the rim cylinder which compresses with the night latch to tighten & fix.

Includes a location pin on rear to stop any rotational movement.

| Property            | Value           |
|---------------------|-----------------|
| Finish              | Polished Nickel |
| Width (mm)          | 50              |
| Depth (mm)          | 26              |
| Overall Length (mm) | 81              |
