Salice Conecta Hidden Hinge - Mounting Holder - Pack of 2 - Titanium

Variant code: DQG3BX6XS

The **Salice Conecta Hidden Hinge Mounting Holder** is a genuine replacement and installation accessory designed specifically for the **Salice CQZ3KE6XXV Conecta Hidden Hinge**. Supplied as a **pack of two**, these mounting holders provide a secure fixing point for the concealed hinge, ensuring precise installation and reliable long-term performance in premium furniture applications.

Designed to be **screw-fixed directly to the cabinet side**, the mounting holders offer a strong and stable connection while maintaining the clean, minimalist appearance of the Salice Conecta concealed hinge system. Manufactured to Salice's exacting Italian quality standards, they are available in both **Nickel Plated** and **Titanium** finishes to coordinate perfectly with matching Conecta hinges.

Ideal for new furniture manufacture, repairs or replacement installations, the Salice Conecta Hidden Hinge Mounting Holder delivers dependable support and seamless compatibility for contemporary residential and commercial cabinetry.
