

Salice Exedra Pocket Hinge & Slide System Front Cover Kit – Black

Variant code: YE55KIT0202

The **Salice Exedra Pocket Hinge & Slide System Front Cover Kit** is a genuine finishing accessory designed for use with the innovative **Salice Exedra Pocket Door System**. Finished in **Black**, this front cover kit provides a clean, professional appearance by concealing visible components of the pocket door mechanism, creating a refined and contemporary finish for premium furniture installations.

Engineered specifically for compatibility with the Salice Exedra hinge and slide system, the cover kit integrates seamlessly with the mechanism while complementing modern furniture designs. Manufactured to Salice's renowned Italian quality standards, it enhances both the appearance and protection of the installed hardware, making it an ideal finishing component for high-end cabinetry.

Whether used in kitchens, wardrobes, home offices or commercial interiors, the Salice Exedra Front Cover Kit completes the installation with a discreet, coordinated appearance that reflects the premium quality of the Exedra pocket door system.
