Secret Rebate 12V IP65 LED Tape inc Right Hand Premium Input Lead – 1500mm/7.2W – Cool White

Variant code: LFS57865CWRH.1500P

This easy to install LED strip is excellent for lighting the edge of worktops, shelves, plinths etc. The LED's shine from the thin edge of the strip which allows the tape to follow curves and even relatively tight bends, previously impossible with standard strip. This strip gives a more defined angle of light, approximately half the angle of standard LED strip lights. By rebating this strip lighting (2–3mm Wide x 5mm Deep Slot) you can create lighting from your furniture without being able to see the light fitting – the lighting becomes truly integrated into your furniture… This strip light can also be cut to the required length on site with a pair of scissors every 50mm (the cut lines are marked on the tape to make this easy). This strip is supplied with the input lead already soldered on, which speeds up on site fitting. As this strip is IP65 rated it is fine for use in areas that may get splashed, under the kitchen sink for example. 12V 60 LEDs per metre 4.8W per metre Self Adhesive IP65 Rated Silicon Coating Can be cut every 50mm 6mm Wide Requires 12V Driver supplied separately or as kit Specify which end you want the input lead when ordering
