THAMES Aluminium Light Profile - 24V - White Diffuser - Cool White inc JB Input - 10.8W 600mm

Variant code: LTP02300AWCW.0600

THAMES 2800mm 50.4W 24V Aluminium Light Profile

This is a sleek and modern LED light profile designed for various applications

Material: Constructed from durable aluminium for long-lasting performance.

Voltage: Operates on 24V, ensuring safe and efficient operation.

Diffuser: Includes a white diffuser to provide even and glare-free illumination.

Light: Cool White

Applications:

This light profile can be used in a wide range of applications, including:

Architectural lighting: Accent lighting for walls, ceilings, and coves.

Cabinet lighting: Illuminating shelves, displays, and interior spaces.

Under-cabinet lighting: Providing task lighting for kitchens and work areas.

Decorative lighting: Creating ambient lighting effects in residential and commercial settings.

Benefits:

Energy-efficient: Low power consumption reduces energy costs.

Long lifespan: LED technology offers a significantly longer lifespan compared to traditional lighting.
