THAMES White Light Profile - 24V - White Diffuser - Neutral White inc JB Input - 9W 500mm

Variant code: LTP02300WWNW.0500

THAMES White Light Profile - 24V - White Diffuser - Nuetral White inc JB Input - 30.6W 1700mm

This sleek and modern profile light delivers high-quality illumination with its 30.6W, 24V LED strip. Featuring a neutral white colour temperature, it provides a clean and balanced light output, ideal for a variety of applications.

Key Features:

Efficient & Energy-Saving: 30.6W LED technology ensures low energy consumption, reducing your electricity bills.

Versatile Installation: 1700m length offers flexibility for various installation options.

Smooth & Even Light: White diffuser provides a uniform and glare-free illumination.

High-Quality Construction: Durable and built to last with robust materials.

JB Input Compatibility: Seamlessly integrates with JB input systems for easy installation and control.

Neutral White Colour Temperature: Offers a balanced and comfortable light output.

Ideal for:

Accent Lighting: Highlight architectural features, artwork, and display cases.

Under-Cabinet Lighting: Illuminate kitchen workspaces and countertops.

Coving Lighting: Create a soft and ambient glow around the perimeter of a room.

Retail Displays: Showcase products effectively with attractive and eye-catching lighting.
