

## Shepherd's Crook Espag – 16mm – Right Hand – Pewter

**Variant code: 46233**

The shepherd's crook is a delicate and traditional design that is only achievable through the skills of our master blacksmiths.

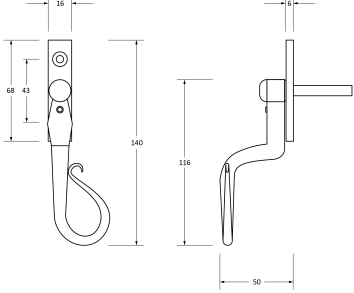

Designed to fit any type of window, including uPVC and timber due to its slim fixing plate. Can be matched with the shepherd's crook stays in the range.

The handle is cranked forwards to ensure this protrudes far enough from the window for ease of use.

- The product is handed and therefore care needs to be taken when choosing the correct hand. From the inside view, if your window is hinged on the right then a right-hand fastener is required.
- They have a 7mm<sup>2</sup> x 40mm spindle and can be locked by way of a grub screw.
- Can be used with an espagnolette gearbox & window lock.
- Supplied with matching SS M5 screws.

Property	Value
Finish	Pewter Patina
Range	Shepherd's Crook
Overall Length (mm)	140
Handle Length (mm)	116
