Shropshire Pull Handle - Small - Pewter

Variant code: 45245

The shropshire pull handle is part of the blacksmith range of pull handles.

Designed to match our shropshire cabinet knobs to create a uniform feeling throughout your home.

Our shropshire pull handles vary in use from entrance to cupboard doors depending on the chosen size of pull handle.

- Available in three different sizes.
- Sold in singles.
- Supplied with matching SS wood screws.

Our pewter patina finish is forged from a durable base of steel and is a fine example of how our unique manufacturing techniques add further detail to the natural charm of metals. The process by which the contrasting textures of this finish are created results in a rich appearance that sits well in characterful, rustic homes but also offers a contemporary alterative in more modern settings.

Property	Value
