

Shutter Hinge – Pair – Beeswax

Variant code: 33213

An ornate hinge inspired by the classic french design, used to secure window shutters.

- Designed with an angled offset so that when the shutter is opened it is thrown clear of the window, flat against the surrounding wall.
- Supplied as a pair.
- Supplied with matching SS wood screws.

Our beeswax finish is the most authentic finish for steel. After forging, the colours left in the steel range from blue to deep red ochre. To preserve these beautiful colours, our beeswax products are dipped into hot beeswax. This gives a subtle, matt richness to the metal and offers excellent protection when the products are fitted internally and properly maintained. An extremely natural finish and a far softer alternative to a black powder coated finish.

Property	Value
Finish	Beeswax
Overall Length (mm)	106
Hinge arm (mm)	41
