Sliding/Pocket Door Locking Kit - Black

Variant code: 46288

Pocket Door hardware is a great way to fit a door when space is limited, or when opening in/out would be impossible due to restrictions.

Turn and release sliding door locking kit with smooth action thumbturn operation and emergency coin release.

To be used in conjunction with pocket door kits (46292 & 46293).

Sold with all fixings, dust socket and spindle.

Our black finish is a popular choice in traditional settings, it has a subtle sheen and offers a bold contrast on both stained and painted timber alike. It is baked in a high-temperature oven giving it durable corrosion resistant properties.
