

## Spare Fixings for 91493 Letter Plate Cover – Pair – Beeswax

**Variant code: 33210K**

Pair of spare fixings for our beeswax letter plate cover.

Supplied with matching SS wood screws.

Our beeswax finish is the most authentic finish for steel. After forging, the colours left in the steel range from blue to deep red ochre. To preserve these beautiful colours, our beeswax products are dipped into hot beeswax. This gives a subtle, matt richness to the metal and offers excellent protection when the products are fitted internally and properly maintained. An extremely natural finish and a far softer alternative to a black powder coated finish.
