Square Door Stop - Solid Wall Mounted - 65mm

Variant code: 3410.81.SSS

The **Square Solid Wall Mounted Door Stop** is a premium architectural door stop designed to protect doors, walls and surrounding fixtures from damage caused by over-opening. Featuring a contemporary square profile with a **65mm projection**, this solid door stop provides exceptional durability while complementing modern commercial and residential interiors. Its clean geometric design coordinates perfectly with square lever handles, escutcheons and other contemporary architectural hardware.

Manufactured from solid stainless steel, this wall-mounted door stop is engineered for long-lasting performance in high-traffic environments. The robust construction provides dependable impact resistance while maintaining its attractive appearance over time. Tested to **BS EN 1634-1**, it is suitable for use on compatible fire-rated door assemblies where specified, making it an ideal choice for both new-build and refurbishment projects.

Designed for reliable everyday use, the Square Solid Wall Mounted Door Stop offers a practical, low-maintenance solution for protecting doors and surrounding finishes while adding a modern architectural detail to any interior.

Product Features
