

T Bar Handle Secret Fix – 1.8m – 32mm Ø – Polished Stainless Steel

Variant code: 50251

Our stylish t bar pull handles have a modern, simplistic design and are perfect for use on entrance doors.

Manufactured from marine grade 316 stainless steel, these pull handles offer unrivalled corrosion resistance.

This secret fix option allows the pull handle to be fitted with no visible bolt on the inside of your door.

Available in five different sizes.

Supplied with matching SS bolts.

Property	Value
Finish	Polished SS (316)
Depth (mm)	80

Range	T Bar
Overall Length (mm)	1800

Gallery

The technical drawing illustrates a T Bar Handle Secret Fix. The top part shows a horizontal bar with a total length of 1800mm, a height of 80mm, and a central slot with a width of 1600mm. The bar is secured to a base with two rectangular cutouts and two threaded bolts, each with a diameter of Ø 32mm. The bottom part shows a cross-section of the handle, which is 25mm thick and features two circular mounting holes with a diameter of Ø 25mm.

Please Note, due to the hand crafted nature of our products all measurements are approximate and should be used as a guide only.
