Blum Tandembox Back Fixing Bracket - 'D' Height R9006 - Grey - Left Hand

Variant code: Z30D000SGLH

Blum TANDEMBOX Back Fixing Bracket - D Height - R9006 Grey is designed to securely connect the drawer back to TANDEMBOX drawer sides within D height drawer configurations. As part of Blum's TANDEMBOX system, it ensures reliable structural support and accurate alignment, contributing to consistent drawer performance in both residential and commercial cabinetry.

Engineered for compatibility with TANDEMBOX components, this bracket provides a stable fixing point for the drawer back, supporting the overall integrity of the drawer box. Its precision-formed construction allows for straightforward installation while maintaining correct positioning of drawer components throughout use.

Manufactured in a durable **R9006 Grey finish**, the bracket integrates seamlessly with TANDEMBOX drawer systems, maintaining a uniform appearance across all visible and concealed components. Designed for **left-hand and right-hand configurations**, it supports flexible installation across a wide range of cabinet layouts.

Product Features

- Designed for **Blum TANDEMBOX drawer systems**
- Suitable for **D height drawer configurations**
- Provides secure **back panel fixing**
- Compatible with **left-hand and right-hand applications**
- Finished in **R9006 Grey** for system consistency
- Precision-engineered for accurate fit and alignment

Product Benefits

- Ensures **stable and secure drawer construction**
- Supports **consistent drawer alignment and operation**
- Enables **flexible installation** for LH and RH configurations
