Blum Tandembox Back Fixing Bracket - 'M' Height R9006 - Grey - Right Hand

Variant code: Z30M000SGRH

Blum Tandembox Back Fixing Bracket - 'M' Height R9006 - Grey is designed to securely connect the drawer back to TANDEMBOX drawer sides within M height drawer configurations. As part of Blum's proven TANDEMBOX system, it ensures **accurate alignment**, **secure fixing** and **reliable structural performance** across a wide range of drawer applications.

Engineered for precision, this bracket provides a stable fixing point for the drawer back, supporting the overall integrity of the drawer assembly. It is specifically developed to integrate seamlessly with TANDEMBOX components, ensuring consistent positioning and dependable performance when paired with compatible drawer sides and steel backs.

Finished in **R9006 Grey**, the bracket matches TANDEMBOX drawer components, maintaining a cohesive and uniform system appearance. Designed for **left-hand and right-hand configurations**, it allows flexible installation across different cabinet layouts while ensuring correct orientation and secure assembly.

Product Features

- Designed for **Blum TANDEMBOX drawer systems**
- Suitable for **M height drawer configurations**
- Provides **secure connection between drawer back and sides**
- Compatible with **left-hand and right-hand installation**
- Finished in **R9006 Grey** for system consistency
- Precision-engineered for accurate fit and positioning

Product Benefits

- Ensures **stable and reliable drawer construction**
- Supports **accurate alignment of drawer components**
