Blum Tandembox Steel Back - 'D' Height R9006 to Suit Carcass - Grey - 500mm

Variant code: Z30D435S.6

Blum Tandembox Steel Back - 'D' Height R9006 to Suit Carcass - Grey is designed to form the rear panel of TANDEMBOX drawer systems, providing structural stability and a clean, consistent finish within D height drawer configurations. As part of Blum's engineered drawer system, it integrates seamlessly with TANDEMBOX sides and fixing components to deliver reliable and precise drawer construction.

Manufactured from high-quality steel, this drawer back offers excellent rigidity and durability, ensuring long-term performance under everyday use. It is specifically designed to suit TANDEMBOX carcass applications, supporting accurate alignment and secure connection with compatible back fixing brackets and drawer sides.

Finished in **R9006 Grey**, the steel back maintains a uniform aesthetic across TANDEMBOX drawer components, contributing to a cohesive system appearance. Designed to be selected based on **cabinet width**, it allows precise sizing for a wide range of drawer configurations.

Product Features

- Designed for **Blum TANDEMBOX drawer systems**
- Suitable for **D height drawer configurations**
- Constructed from **durable steel** for strength and stability
- Finished in **R9006 Grey** for system consistency
- Designed to suit **carcass applications**
- Available to match **various cabinet widths**

Product Benefits

- Provides **strong and stable drawer back support**
- Ensures **accurate fit and alignment** within the drawer system
- Maintains a **consistent visual finish** across components

- Supports **flexible sizing based on cabinet width**
- Enhances overall **drawer durability and performance**
- Simplifies integration with TANDEMBOX systems

Technical Characteristics

- Compatible with **Blum TANDEMBOX D height drawer systems**
- Designed for use with TANDEMBOX sides and back fixing brackets
- Manufactured from **steel construction**
- Finish: **R9006 Grey**
- Sized according to **cabinet width requirements**
- Requires correct system component pairing for optimal performance

Applications

This steel drawer back is intended for use in **kitchen, bedroom and fitted furniture cabinetry** utilising TANDEMBOX drawer systems. It is specifically suited to **D height drawers**, where a robust and accurately sized back panel is required. Designed to be selected based on **cabinet width**, it supports a wide range of drawer sizes while maintaining structural integrity and consistent system performance.

Property	Value
Finish	Grey
Material	Steel
Nominal Length (mm)	435
Cabinet Profile Width (mm)	500
Min. Inner Cabinet Width (mm)	462.5
Max. Inner Cabinet Width (mm)	463.4
Min Installation Height (mm)	224
