Blum Tandembox Steel Back - 'M' Height R9006 to Suit Carcass - Grey - 600mm

Variant code: Z30M535S.6

Blum Tandembox Steel Back - 'M' Height R9006 to Suit Carcass - Grey is designed to form the rear panel of TANDEMBOX drawer systems, providing **structural support**, **precise alignment** and a **consistent system finish** for M height drawer configurations. As part of Blum's TANDEMBOX platform, it integrates seamlessly with drawer sides and fixing components to ensure reliable and repeatable drawer assembly.

Manufactured from durable steel, the drawer back delivers excellent rigidity and long-term performance, supporting everyday use across a wide range of applications. It is specifically designed to suit TANDEMBOX carcass installations, enabling accurate positioning and secure connection with compatible back fixing brackets and drawer sides.

Finished in **R9006 Grey**, the steel back ensures a uniform appearance across TANDEMBOX components, maintaining a cohesive drawer system aesthetic. Designed to be selected based on **cabinet width**, it allows precise sizing for different drawer configurations while ensuring correct system fit and performance.

Product Features

- Designed for **Blum TANDEMBOX drawer systems**
- Suitable for **M height drawer configurations**
- Constructed from **durable steel** for strength and stability
- Finished in **R9006 Grey** for consistent system appearance
- Designed to suit **carcass applications**
- Available to match **various cabinet widths**

Product Benefits

- Provides **reliable rear support for drawer construction**
- Ensures **accurate fit and alignment within the system**

- Maintains a **consistent and coordinated drawer finish**
- Supports **flexible sizing based on cabinet width**
- Enhances overall **drawer durability and stability**
- Simplifies integration with TANDEMBOX components

Technical Characteristics

- Compatible with **Blum TANDEMBOX M height drawer systems**
- Designed for use with TANDEMBOX drawer sides and fixing brackets
- Manufactured from **steel construction**
- Finish: **R9006 Grey**
- Sized according to **cabinet width requirements**
- Requires correct component pairing for optimal performance

Applications

This steel drawer back is suitable for **kitchen cabinetry, wardrobes and fitted furniture systems** utilising TANDEMBOX components. It is specifically designed for **M height drawer configurations**, offering a balance between drawer capacity and accessibility. The **cabinet width-based sizing** ensures compatibility across a wide range of cabinet dimensions, making it suitable for both residential and commercial furniture applications.
