Variant code: LTP03300AWWW.1000

SEVERN Aluminium Light Profile – 24V – White Diffuser – Warm White inc JB Input – 27W 1500mm

Illuminate your space with sleek, modern elegance.

The Severn Aluminium Light Profile is a versatile and stylish lighting solution that seamlessly blends form and function. Featuring a clean, minimalist design, this profile is perfect for a variety of applications, from accent lighting to ambient illumination.

Key Features:

High-Quality Aluminium: Constructed from durable aluminium, this profile ensures long-lasting performance and a premium aesthetic.

White Diffuser: The frosted white diffuser provides a soft, even light distribution, creating a comfortable and inviting atmosphere.

Warm White LED: The neutral white LED light offers a balanced colour temperature, making it ideal for a wide range of spaces.

Premium Input: Equipped with a high-quality input, this profile delivers reliable and efficient performance.

Easy Installation: The simple installation process makes it easy to set up and enjoy your new lighting solution.

Ideal for:

Residential Spaces: Enhance the ambiance of living rooms, bedrooms, kitchens, and hallways.

Commercial Spaces: Create a welcoming

atmosphere in offices, retail stores, and hospitality venues.

Accent Lighting: Highlight architectural features, artwork, or decorative elements.

Elevate your space with the Severn Aluminium Light Profile – the perfect blend of style and functionality.
