

Blum Movento Set – Tip-On – Blumotion – Suit 350–600mm NL/15–40Kg

Variant code: T60L7540

Movento Tip-On Blumotion Set for Heavy-Duty Drawers (450–750mm NL, 35–70Kg) – Blum Undermount Slides

Upgrade your high-end cabinetry and commercial furniture with the **Movento Tip-On Blumotion Set**, the ultimate solution for smooth, silent, and handle-less drawer operation. This premium **Blum undermount slide system** combines the effortless opening of **Tip-On** with the soft-closing convenience of **Blumotion**, creating a superior user experience.

Specifically designed for drawers with a nominal length (NL) ranging from **450mm to 750mm** and capable of supporting heavy loads between **35kg and 70kg**, this set is ideal for demanding applications in kitchens, offices, workshops, and retail spaces. The robust construction ensures durability and reliable performance, even with frequent use.

Key Features and Benefits for B2B Buyers:

- **Handle-less Design:** Achieve a clean, modern aesthetic with the integrated **Tip-On** mechanism for easy touch-to-open functionality.
- **Silent and Soft Closing:** Experience unparalleled drawer smoothness with **Blumotion's adaptive soft-close**, eliminating slamming and ensuring quiet operation.
- **Heavy-Duty Load Capacity:** Designed to reliably support drawers weighing between **35kg and 70kg**, perfect for storing heavy items and industrial equipment.
- **Wide Range of Drawer Lengths:** Suitable for drawers with nominal lengths from **450mm to 750mm**, offering versatility for various cabinet designs.
- **Undermount Installation:** Provides a clean, concealed look, enhancing the overall quality and aesthetics of your furniture.
- **Blum Quality and Reliability:** Benefit from the renowned durability and

precision engineering of **Blum hardware**, ensuring long-lasting performance and reduced maintenance.

- **Enhanced User Experience:** Improve the functionality and perceived value of your products with this premium drawer system.
- **Ideal for Commercial and Residential Applications:** Suitable for high-end kitchens, office furniture, workshop storage, retail displays, and other demanding environments.
- **Easy Installation:** Designed for efficient and straightforward installation, saving time and labour costs for manufacturers and installers.
