TAY II Aluminium Light Profile - 12V - White Diffuser - Warm White inc Premium Input - 6.8W 700mm

Variant code: LTP16120AWWW.0700

TAY II Aluminium Light Profile - 12V - White Diffuser - Warm White inc Premium Input - 7.7W 800mm

Introducing the TAY II Aluminium Light Profile - Sleek, Modern, and Versatile

This elegant and contemporary light profile offers a seamless blend of style and functionality. Crafted from high-quality aluminium, it exudes a premium aesthetic while ensuring durability and longevity.

Key Features:

12V System: Operates on a 12V system for safety and energy efficiency.

White Diffuser: Provides a soft, even, and glare-free illumination, creating a comfortable and inviting ambiance.

Warm white Colour Temperature: Offers a balanced and natural light output, ideal for a wide range of applications.

Premium Input: Includes high-quality components for reliable and long-lasting performance.

Versatile Installation: Suitable for various applications, including under-cabinet lighting, cove lighting, and accent lighting.

Sleek Design: The minimalist design seamlessly integrates into any modern decor.

Benefits:

Energy-Efficient: Low voltage operation reduces energy consumption and operating costs.

Long Lifespan: Durable construction and high-quality components ensure years of reliable service.
