LED Corner 30°/60° inc White Push-on Diffuser - 2000mm - Black Profile

Variant code: LLP04400BKWT.2000

LED Corner 30°/60° inc White Push-on Diffuser - 2000mm - White Profile

Sleek and Modern LED Corner Lighting

This 2000mm long LED corner profile offers a contemporary and stylish lighting solution for various applications. Designed for 30°/60° corners, it seamlessly integrates into your space while providing efficient and visually appealing illumination.

Key Features:

Versatile Corner Installation: Ideal for illuminating corners in residential, commercial, and hospitality settings.

Included White Push-on Diffuser: Ensures even light distribution and minimises glare.

Efficient LED Technology: Provides energy-saving illumination while delivering excellent brightness.

Easy Installation: Simple and straightforward installation process

Applications:

Residential: Kitchen backsplashes, under-cabinet lighting, stairways, and accent lighting.

Commercial: Display cases, retail shelves, office spaces, and reception areas.

Hospitality: Bar counters, hotel corridors, and ambient lighting.

Enhance your space with this elegant and functional LED corner lighting solution.
