Zipbolt Slimline Connector for 16-25mm Worktops - 100mm SZP

Variant code: QT.10.800

The ZIPBOLT connector has unique geared mechanism that saves time and money in assembling worktops and panels.

Zipbolt Worktop Connectors have a unique gear patented design which allows you to join the worktops faster using a cordless drill rather than conventional bolts to fit.

Features:

- Siz: 100mm(L) X 12.5mm(H) X 25mm (Dia)
- Drive: 4mm HEX
- Method of tensioning: CORDLESS DRILL OR HAND RATCHET
- Worktop thickness: 16 - 25mm
- Application: 8mm Router Cutter & Std Router Jig

"THE ZIPBOLT WORKTOP CONNECTOR IS THE NUMBER ONE TRADEMANS CHOICE"
